Significant Events

Date: 2015/01/26 **Time:** 18:23 **Type:** Spill Report (NRC#: 1106638)

Location: WAXAHACHIE, TX (ELLIS County)

Description: FOSC Martin and START Contractors were deployed to a Magnablend facility located at 100 W. Sterret Road in Waxahachie TX. According to facility personnel a 330 gallon tote of Sodium Chlorite began off gassing and employees smelled chlorine gas. The facility was evacuated and the Fire Dept. was called. Upon arrival of the FD the tote ruptured and the material went into an onsite sump. The FD initiated a 1/2 mile evacuation perimeter and a hazmat crew is now investigating the incident. At this time no other totes appear to be damaged or leaking, the facility is putting together a Response Plan to deal with the residual mtl in the sump.
